Easter Vacation

Schools close for the Easter vacation at 4 p.m. on Thursday, April 11, and will reopen at 9 a.m. on Monday, April 22nd. We wish everyone happy holidays.

Easter Examinations

Easter examinations for the junior high school are tentatively scheduled for the week of April 22 - 26 inclusive. Results of the Grade 9 Easter Exams will be used as the basis for registration for the 1968-69 school year for Queen Elizabeth Composite High School in early May. It has been demonstrated that the Easter examinations rating that a Grade 9 student achieves, very closely parallels that which he obtains in the final exams at the end of June.

Education Week

Education Week in Canada was held during March 3 - 9th. Open House was held at our schools during that week and there were displays of students' work in the classrooms and in the halls. Teachers were in their rooms to welcome visiting parents.

Memorial Plaque

Dedicated to the memory of one of our former students, John Griesbach, the John Griesbach Memorial Plaque for the Best Scout of the Year has been mounted in the foyer of the Major General Griesbach School. Annually, the name of the best scout of the year will be en- scenes of tulips, boats, statues

graved on this plaque.

T.B. Tests

A tuberculosis testing program was carried on in schools during March. School Nurse F/o T. Deshaies and her assistants administered the tests.

Cheerleaders

This is the second year in which the junior high have sported a Cheerleading Squad to support the boys in their interschool basketball matches. This season they have performed very creditably and we congratulate them for their sterling efforts. To raise money for uniforms, the girls sold chocolate bars for the school. Captain and Vice Captain of the Squad were Jan Milsom and Charlene Drouin. Other members were Diana Pidgeon, Donna Oben, Heather Harnett, Diane Holmes, Jean Thuillier, and Lynn Walker. Substitutes were Patsy Cherry and Jacqueline Spurrier.

NEWS SNIPPETS

Brigadier Gault School reported a 72.7% overall attendance of parents at their March 6 "Open House" during Education Week. Other items from Brigadier Gault School follow.

Holland Tour - On March 8, classes from Grades 3 - 5 enjoyed seeing color slides of Holland. The pictures, very kindly shown by Mr. McDow, included Dutch costumes, and

Rotterdam.

Easter Play - Mr. N. Bodnar's Grade 6 class will present an Easter play entitled "Mine Eyes Have Seen". Times and dates will be announced later. Parents will be invited to attend.

Display of Work - At the Greater Edmonton Teachers' Convention in February there was an exhibition of seventeen displays of Kindergarten work. We are very proud of the effort of our Kindergarten pupils and their teachers from Brigadier Gault as thirteen of the displays were from that school.

Bonspiel — In the annual Griesbach Teachers' Mixed Bonspiel, Brigadier Gault School was represented by Miss Burton, Maruyama, Sawchyn and Mr. J. Majakey. We hope they will be prizewinners next year.

T.B. Tests — Our thanks are extended to Mrs. W. D. Short for her kind assistance to the School Nurse, F/O Deshaies, during the recent T.B. Testing program.

Pictures — Class group pictures and individual portraits were taken by a representative of Canadian School Studios and should be available about April 1st.

School Handbook - A copy of the Brigadier Gault School Handbook, produced by the Principal, Mr. J. Majakey, has been presented to each family having children at this school. The Handbook is a gesture of welcome to new families; is a source of answers to questions that may arise from parents and pupils; contains a history of the school (together with a colored aerial photograph); and serves as a souvenir of a family's connection with Brigadier Gault School.

Crests — Centennial Athletic Crests were awarded to the Grade 6 classes of Miss Free and Mr. Bodnar on March 18th.

Wedding Bells - We congratulate and wish every happiness to the former Miss N. Chomlak, who formerly taught at Brigadier Gault School. On March 16, in Baden Baden, West Germany, Miss Chomlak became Mrs. Murray French.

SECOND THOUGHTS

It was breakfast time February 1 in Ottawa. The "wake" to honor the passing of the RCAF into history had gone many hours beyond the midnight deadline at the mess. Hubbie sadly but cautiously turned his wincing head towards his wife, and said:

"If I'da known majors feel like this in the morning I'd have stayed a squadron leader!"

BUGLE WRITERS CONTEST

An appreciable number of entries were received this month for the Bugle Writers' Contest, most of them coming from the Grade 7 classes. The interest of the Grade 7 teachers in encouraging the development of creative writing is bringing out new talent each month. In the Honorable Mention group, two grade 7 girls, Kathleen Mercer (The Tide) and Sheila Collett (Enjoyment), have written with feeling and imagination. We commend them highly. The Award Winners this month are Robin Barrey (Grade 9), Debbie Dodd (Grade 8), and Kim Mills (Grade 7). These are excellent pieces of creative writing and leave the reader with somthing to think about. Robin Barrey's poem is a metaphor on Prejudice which resides like a brooding threat of disharmony in the form of a mountain of hate. When hate possesses the soul of a group, suffering from discrimination and rankles with injustice, there is no room left for love, and any spurt of the milk of human kindness to leaven the alkaline bitterness of man is soon dried up and withered at its source.

PREJUDICE

By Robin Barrey (Grade 9)

Stark, from the surrounding monotony, the mountain rose, Strong and bitter ran the water of her rivers, Hate, like the vulture, possessed her highest peak And love became but a faded page in her history. From this mountain, standing in the heart of man Came the strength and will to hate. A new creed was created and All who heard believed. When the first spring flower bloomed, creating love, The fearless mountain frowned and brought the storm; The flowers, disheartened, died -

And the mountain, victorious once more, was content. THE DISCRIMINATING TOWN

By Debbie Dodd (Grade 8)

Down in Dodge City, Kansas, there was a large estate owned by a wealthy old man by the name of General F. T. Michaels. Among the General's many servants, Leroy Collins was his favourite. Leroy was a young coloured lad of twenty-one who came from the southern United States. One night, while the old, retired General was getting into bed he had a heart attack and was laid to rest. Leroy, being his closest companion, was mentioned in his will. Leroy knew the General liked him, but didn't figure the General liked him well enough to make him the new owner of the estate. But it was true. Leroy Collins, the young servant, was to be the new owner of the Michael estate.

The only Negroes that lived in Dodge City were those who worked as servants like Leroy. What were the townspeople going to do when they found out that a Negro boy was the owner of an estate in a white community?

Leroy didn't want to live alone, so he married the coloured girl he had been going with for the past nine months. When the townspeople heard Leroy was the owner of the estate, they were furious and said they were going to do something about it. They hadn't quite figured out what they were going to do, but they were concentrating hard.

Leroy had informed his wife, Elsie, that there might be trouble. Elsie looked at him and said, "We were given this house and by golly we are going to live in it, no matter what the circum-

The trouble started while the Collins' were out to a Negro gathering. The townspeople formed a group and marched to Leroy's house. They smashed the windows and wrote on every writable surface of the house. When Leroy and Elsie came back, they were horrified at the statements that had been written on the house. They cleaned this off as much as possible and repaired the broken windows.

They didn't notify the police because they thought if they did there would be more trouble, and it would probably be more serious.

While the Collins were working in the garden, the same group of people that had paid them a visit a couple of nights before stomped up to the gate and began throwing eggs and tomatoes at them. This still did not drive Leroy out of his house. Whenever he and his wife went to town, people would stick up their noses and move away as far as they could. The people in the stores would not sell anything to them. They would only close up the stores. Finally, Leroy realized that these surroundings were no good to raise a family in, so he and Elsie moved down South.

Many Negroes and whites face this problem of racial discrimination today.

I ALLOWANCES TO ENABLE CHILDREN TO STUDY IN PARENT LANGUAGE

A plan designed to equalize Asst. District Commissioner—Mr. E. T. Maclean 392 476-6374 education opportunities for all children of Canadian Armed Forces Personnel has been approved by the government.

The plan will apply to personnel located in areas in Canada where the child's parent language either English or French, is not available in schools as the language of instruction.

The benefits will apply to both English speaking and French speaking dependents of military personnel whether or not they reside at a defence establishment.

Some children will be separated from the family for the school terms. However, provision is made for the children to return home once during the school year.

The plan will come into effect April 1 and will provide special allowances for elementary and secondary education.

The allowances will cover tuition and book costs, board and lodging.

Maximum allowances payable will be approximately \$1,300 per year. Initial estimates are for an annual recurring cost of up to \$650 000

PROMOTION

Lieutenant-Colonel W. J. Rankin, 46, of London, Ont., and Ottawa, will be promoted to colonel April 1. Now serving as acting commanding officer of 25 Central Ordnance Depot, Montreal, he will become its 476-6488 commanding officer.

An Ordnance Corps officer, Col. Rankin began his military career in the non-permanent active militia at London, Ont., in 1938.

PLAN AIR CADET WEEK IN APRIL

Ottawa (CFP) --- Air Cadet Week will be held April 21-28 throughout Canada to tell the public of air cadet aims and activities and to provide a set period for Air Cadet League committees to appeal for public support financially.

This year the league is observing 27 years of air cadets in Canada. New president is Victor Houghton of Montreal.

BEST IN '67

Last year's most proficient squadron was 562 Cabot Squadron, North Sydney, N.S. It was selected from the top 11 nominated by provincial committees for the RCAF Association trophy.

League member of the year was L. P. Worthington of Calgary.

THE WILD HORSES

By Kim Mills (Grade 7)

They stood silently, there on the bluff, As the silken white haze was lifting; And the red morning sun was rising, Casting shadows over the rolling plains.

They were like artistic statues, Standing in that silken haze The little foals were playfully romping While the mares in silence stood.

As the morning rolled on, The herd moved on, Wandering through the springtime breeze; The mares and stallions just munched on grass While the frisky colts frolicked

The colts were young and full of life The mares were good-natured and loving, The stallions were bold, courageous leaders, And these horses made up a secretive herd.

It was late afternoon And silence spread over the hills; The herd looked for a hiding in which to sleep, The sun faded away and the herd was sound, And a quietness took over the land.

HOINORABLE MENTION

THE TIDE

By Kathleen Mercer (Grade 7)

Grey and billowing Fingering the silvery sand The tide comes rushing up the long beach Reaching for the rocks In vain! It slips back into the sea A silent brooding moment; Swift with resounding thunder hits

and falls

ENJOYMENT

By Sheila T. Collett (Grade 7)

It makes me happy to feel The horse's back rise and fall beneath me, To feel his powerful muscles Carry me far away. It makes me happy to ride On this proud majestic animal With his gleaming eyes And his satiny coat. He is forever

"THE MARKSMEN"

Edmonton, March 6, 1968 — units across Canada and over-Sharpshooters from the Service seas participated in the super-Detention Barracks at Canadian Forces Base Edmonton have won all five Skill-at-Arms trophies in the twelfth annual Canadian Provost Corps competition.

Master Warrant Officer G. R. Roy Johnson with Sergeants E. Ernie Scherley and R. S. Bob Wigmore scored an aggregate total of 2835 out of a possible 3150 points to bring home the gold to CFB Edmonton.

Competitions were individual and team pistol; individual and team sub-machine gun and the fifth trophy was awarded to the Detention Barracks team with the best combined score in the team pistol and machine gun competition.

vised shoots between September 15th and November 15th. Using standard service weapons - 9 mm. Browning Automatic pistol and the 9 mm. sub-machine gun — the teams fired on the 25 yard range at targets with a centerbull of 11/2 inch diameter in timed and rapid fire.

The competitions are held to promote and encourage greater interest in competition shooting and to improve marksmanship.

This is only the second time in 12 years that one team has won all five trophies.

Supervising officers for the 10 Service Detention Barracks team were Major G. Mercer and Eight teams from Provost Corps Lieutenant J. E. Richard.

FOR THE LADIES

by Ellen Kierstead

Have you thought about friendships lately — how they grow, how some fade away and how some remain throughout life?

The more we think about it, the more fascinating this subject becomes. Why not travel down friendship road for a few brief moments and discover what a pleasant journey it can be. Marjorie Wright expresses it well in her poem:

"Some people we meet on the pathway of life

We are apt to forget in a while, And some we remember -

perhaps for a deed Perhaps for a word, or a smile-And there are a few who remain in our hearts

On whom we can always depend.

The friends who are true, all the changing year through, And you are that kind of a friend."

It is easy to recall vividly those friendships we treasure people who have befriended us, people who have vouched for our honour, neighbours and friends who have come to our aid. These friendships are cherished because they have made a great impact on our lives but what about the many people in vid impressions. Could it be we a book."

are missing a great opportunity to expand the circle of friendship. How can they be retained?

As the flower needs tender loving care before it springs forth into full blossom, so it is with friendships; they must be cultivated and nourished until the passing years unfold their beauty in treasured memories. Are we afraid to flash a smile, pass on a word of assurance, notice the sick and the lonely.

'I have a fear of loneliness, Its boundaries know no end. The greatest antidote I find, Is the loyalty of friends."

Let's take another journey down friendship road real soon. Things a Mother

WOMEN'S UNIFORM MOVES TOWARD TRIAL PERIOD

Ottawa (CFP) — The defence department has given the green light for manufacture of 25 trial ensembles which with any necessary changes, will be the uniform for all women of the forces, including nursing sisters.

By late summer or early fall 20 of them should be out for trial wear by 10 officers and 10 other ranks at military establishments in Canada and Europe. The other five will form a "contingency reserve." The trial period will last until early in

The basic new uniform is medium green, considered a more flattering shade than the one used for the men's new uniform. But the overcoat and gabardine raincoat are the men's dark shade and material.

The uniform jacket is single breasted, semi-fitted and waist length, with pleatless, modified A line skirt half covering the knee caps. The pastel green blouse has pleated panels in front and centre zipper in back.

The working dress is pale green synthetic or blended fabric, unlined, with removable plastic buttons coloured old gold.

A green ribbon indicates other ranks; narrow gold stripe on green. junior officer, and wide gold ribbon for senior officers. A waterproof head scarf is worn in inclement weather when a woman isn't carrying her collapsible umbrella. The "brolly" has a case.

Nursing sisters wear a white cotton veil in working dress. They and nursing attendants wear the seamless taupe stockings and black issue oxfords or the black pumps they may buy from civilian stores.

The ensemble includes black, silk-lined kid leather gloves (semi gauntlet) and purse of black morocco grain leather with adjustable shoulder or hand strap. The clasp is concealed. The sweater is green wool cardigan style, without pockets, and is worn with working dress.

The raincooat is single breasted with covered buttons, rayon lined and pockets in the front panel seams. The overcoat is also single breasted with five black buttons and the pockets cut the same way as the raincoat. The back lining is sevenounce thermal. The dark green scarf is the same as the men's.

for all ranks. Ranks are indicated by the same means as for men but commissioned ranks are half the width of those of male officers and warrant badges and chevrons are also reduced in size. Women officers will wear a collar brooch to show rank when in working dress and other ranks will carry insignia on the right sleeve. Miniature medal ribbons will be worn.

Since coat and overcoat haven't shoulder straps, rank insignia have yet to be worked out.

There are two ensembles in the suit, one winter wool serge, the other summer weight. Only nursing sisters and nursing attendants will wear working dress all year round.

NAVAL JACK APPROVED FOR CANADIAN WARSHIPS

A Naval jack has been approved to be flown by Canadian warships.

The jack is smaller in size than the national flag, which will continue to be flown as their ensign by HMC ships. The jack flies from a jack-staff on the bow of a warship and the national flag from the ensign staff on the stern.

The first new jack will be presented to the fleet by Gen. Jean V. Allard, chief of the defence staff, in a ceremony on board the aircraft carrier Bonaventure Mar. 13 duirng the current annual winter exercises in the Caribbean.

The new jack is a white flag incorporating Canada's flag in the upper quarter next to the hoist or staff, with the naval crown, fouled anchor and eagle combined in dark blue on the

Normally the flag is flown by ships in harbour during the daytime. It is also flown when a warship is underway and dressed with masthead flags for cere monial occasions or when flying the flag of royalty (including the governor-general's flag) or when escorting a warship that has royalty on board. It is never flown by shore establishments.

Use of a jack is widespread among navies of the world. In days when warships and merchant ships looked very much alike and both flew the same ensign the jack was allocated exclusively to ships of war.

In later days, though the difference in appearance between warships and merchant ships was generally more obvious, the need remained to prevent any masquerading under false colours for purposes of piracy, unlawful aggression, or improper aggrand-

LOVE'S LABOR LOST

Kitchener, Ont. (CFP) - A Camp Borden soldier wrote that he loved her and enclosed a \$20 money order for a New Year's party he was planning.

The lady in question got it 27 years too late. The letter was delivered to the wrong address in 1941. Apparently it fell between the walls of a house where it was found this February by new owners.

They took a lot of trouble to find the right party who is married to someone else though a Kitchener housewife. The city's postal authorities were reported as saying the money order is still good, so she might salvage something from the situation yet.

TELECOM STATIC

Well readers here it is that time again; sure does seem to come around fast these last couple of months.

I guess we can be thankful for one thing, the weather this winter must have been a record breaker for Alberta. Spring is just around the corner and already I hear plans of what is going to be done with this year's leave. I understand that at least a couple of people are intending to spend the summer right here in Alberta. It seems that there is this rather exclusive campground northwest of the city that caters to a select clientel. There seems to be a number of people in the section that are interested in the organization that owns said campground, including your reporter.

There are no new personnel in the section this month, but we would like to welcome back from TD Cpls Stu Powley and Jerry Seiler.

The Radar section is continuing to suffer along with its Deplorable Tacan problems: but there is at least one bright spot in the section; I noticed yesterday that a certain secretary was sporting a new hair-do, and I month, so-long. for one thought it very becoming.

Namao Telecom's Physical Fitness program went into effect on Thursday the 7 March and it appears as if it could be very effective providing it lasts long enough.

On the 14 March the Telecom Section will be saying goodbye to one of its most valuable and respected members. Sgt. M. science and the dissemination of Jeremy, fondly known as "Mike" information" about the forces. to the boys, is retiring from the Telecom and the many friends this opportunity to "wish you the very best of luck upon your return to civvie street." Book Review VIETNAM WRITER IS A PEOPLE-PERSON

War correspondent David Reed tore a leaf from Ernie Pyle's second world war notebook. His popular Up Front in Vietnam zeroes in on the war through vignettes about people, some of them poignant, many others unabashedly sentimental.

The war has taken a new turn of late, the battlefront now thrust deep into the heart of cities. But the Reed book gives you a quickly read prelude, plus some insight you can't quite capture in newspaper stories. He's covered such hotspots as Kenya and Cuba.

He quotes Gen. Westmoreland in 1967 as seeing no end to the war then, "nor in 1968."

Up Front in Vietnam, by David Reed, published by Funk & Wagnalls, New York, and available in Canada through Longmans Canada Ltd., 55 Barber Green Rd., Don Mills, Ont., 217 pages. \$5.25. (CFP)

UP, UP AND AWAY IN MERRY MONTH OF MAY

Ottawa (CFP) — Dreaming about that vacation by the sea? Well it could become a reality in May according to movement officials at CFHQ. They forecast plenty of room — 65 leave travellers should apply for and 50 seats respectively — in transport command Yukons from office, preferably two months in Edmonton west and Trenton advance of the flight, but not east, respectively. You don't have to have a certain number payment of \$10 must accomof points for these particular flips.

Space on the Edmonton-Winnipeg-Trenton legs is not so plentiful - 30 for 20-pointers on the prairie leg and 25 into Trenton, for which you also need 20 points.

Points are allotted on the basis of one for each year of service and points for rank go from 14 for a private to just one for a lieutenant-general. Three - quarters of leave seats go to noncommissioned ranks.

OVERSEAS

Trans-Atlantic space, too, is scarce. Forget the Euorpean holiday if you have less than 25 points. The Thursday Trenton-Lahr Yukon has room for 15 people having 25 points, and another 15 for just 20-pointers on the Canada-bound Friday flight.

The thrice-weekly Trenton-Dusseldorf run is booked solid, both ways. However, there are eight seats open on the Sunday flight overseas to Lahr and the same number on the west-bound return trip Monday. The Yukon at Lahr becomes the UN flight to Nicosia, Cyprus, by the way, and returns to Canada via

Friday's Ottawa-Gatwick flight has five open seats for 25-point vacationers. An equal number are available on the return trip Sunday.

Dogs - Control

Married Quaters Orders for Lancaster Park, Griesbach, Kingsway and Princess Elizabeth married quarters sites clearly state that occupants who own dogs shall not allow them to run loose but must have them securely tied up within the confines of their PMQ area or effectively restrained at all other times.

Numerous complaints are berunning loose in the married quarters areas.

Owners of dogs are reminded that should a loose dog be picked up, either by the Service Police or any other agency, its will be turned over to the SPCA for recovery or destruction at the owner's expense.

Further, owners of dogs are reminded that they are solely responsible for any damage of claim arising out of the action of their dog while it is running loose.

Parents of children who habit- I ually cut across the grounds of other married quarters without permission where the occupant owns a dog and who has complied with Para 1 above are reminded that this in effect is trespassing and by law trespassers do so at their own peril. Therefore, unless the owner of the dog has granted permission for the children to cross his PMQ area, he cannot be held responsible for the children crossing the area, teasing or tormenting the dog and either get chased, nipped or bitten as a result. However, all cases, where children are either nipped or bitten should be reported to the Service Police immediately and to their family physician or, in an emergency, to the proper MIR or the Base Infirmary depending on the time of the incident.

Block Heater Extension Cords

A number of PMO residents are failing to remove block heater extension cords from the electrical outlet when not in use. A live cord lying in the snow is a dangerous hazard to children playing in the area. All extension cords must either be unplugged from the electrical outlet or hung up on the side of the building clear of the ground. RO. 30. d/11 Mar. 68.

HAPPY HERCS SQUARE DANCE CLUB

The "HAPPY HERCS" have been quite busy lately in various square dancing activities. The highlight for our beginners was the Spring Frosh which was held at the Ross Sheppard School on Friday the 8th. of March. A spring motif, together with a variety of callers, made it the first real outing for the beginners who are starting to "feel their wings".

The big event for our experienced members was the "Ball and Chain" dance at Fort Saskatchewan which was held the following Saturday night on the 9th. of March. Everyone enjoyed the high calibre of calling, and the opportunity to meet many friends - this is something that square dancers enjoy — the warm friendship of many, many fellow dancers.

A few of the beginners also made an impromptu visit to the Set Squarers at N.A.I.T. where we were made most welcome and a visit to the Hashin' the Breaks was also made this month.

The intermediates plan a visit to the Beverly Nay-Burrs on Saturday the 16th. of March, one of the clubs which our group has not as yet called on this season.

Syd and Lila Deguire are now in the process of putting the finishing touches on our beginners group and with the help of our more experienced dancers we are progressing very

A week before Easter Sunday a minister mailed out a newsletter to his congregation in which he urged all to attend the Easter services — whether they had the traditional new Easter outfit or not.

The next day his phone rang steadily as parishioners gleefully pointed out that he had written: Forget your clothes and come to church on Easter Sunday.

WINNER LADIES' DOUBLES

Edmonton, February 12, 1968 — The "Battle of the Birds" has been completed at Canadian Forces Base Edmonton.

From January 23rd through 25th the air in the Leone Forte physical training building here was filled with whirling badminton birds as 78 servicemen and women from eight zones across Canada competed in the first Canadian Forces badminton championships.

After 148 games and three full days of badminton Zone 4, Ontario North, carried home the gold.

They amassed 921/2 points to lead the runners-up from Zone 7, New Brunswick and Prince Edward Island by 17 points.

Honours in the women's division were taken by Zone 5,

Ontario South, with Zone 8, Nova Scotia and Newfoundland, trailing in second place with $28\frac{1}{2}$ points; 21 fewer than the winners.

Individual honours went to: Cpl. McIldoon, CFB Uplands, singles championship; Cpl. D. Matthews and G. Maclean, CFB Summerside, men's doubles; Cpl. G. Fisher, CFB Greenwood, ladies' singles; Lt. J. Humphries and Cpl. Boivin, CFB Clinton, ladies'

Awards were presented at a banquet where L.Col. Walker thanked all the athletes for participating in the tournament and for their sportsmanshhip in making the first Canadian Armed Forces badminton championships such a success.

CANADIAN CERTIFIES ON STARLIFTER

McGuire AFB, N.J. (CFP) -Major David Kuhn was certified here recently as an aircraft commander on the C-141 Lifter jet cargo transport.

According to Maj. Kuhn, of Dartmouth, N.S., he is the first Canadian officer to be certified on the C-141.

Serving a two-year exchange tour in the U.S., the pi ot began C-141 training in August at Tinker air force base, Okla. About a month later, he arrived at McGuire to begin flying with the 30th military airlift squa-

"It's the best of all the aircraft I've flown," he stated, while discussing his experience with the StarLifter. "Nearly everything about it is impressive and enjoyable — such as the allweather landing system (AWLS), its speed, range, and ease of on and off-loading."

NAMAO PILOT

In his home unit, the 435th Squadron at Namao in Edmonton, Alberta, Maj. Kuhn flew C-130 Hercules jet-prop cargo transports. In addition, he has flown the North Star, a retired variation of the C-54.

Since he began flying with the 30th in September, the Canadian has flown more than a dozen missions, including stateside trips and others to Anderson air base in Guam; Thule air base in Greenland and to Europe.

This is his first experience with the USAF.

Maj. Kuhn and his wife, Marilyn live in Mt. Holly, N.J., with their three children, Holly, 16, Lynda, 13, and Peter, 5.

The new aircraft commander is scheduled to return to Canada in 18 months, after his hitch with the 30th.

King, CD, acting as referees, the final score was 1-0 for the Senior NCOs. I tried to get the name of the scorer. but I was told that it was a team effort! After the games the trophies were presented, and if I remember correctly, last year the officers were presented with the same rear portion of the trophy!

On Sat 16 Mar 68 a Regimental Ball was held in the Leonforte Building in honour of the birthday of our Colonel in Chief, Lady Patricia Ramsay. The Ball was started by a Grand March with Lieutenant Colonel A. M. Potts, CD, leading. The Ball was well attended by all ranks of the battalion. We must thank all those personnel who helped in making the ball a gallant affair and a special thanks to the QMS and his cooks for the fine display and assortments of food put out for the occasion. From listening to individuals, it was the best food layout that they have ever seen. Congratulations.

We are sorry to say that the Battalion Hockey Team was defeated in Petawawa during the Canadian Armed Forces Hockey Tournament and they went down to defeat in the semi-finals in the Central League here in Edmonton. The Junior Ranks Hockey team are doing well since the last publication. The first game of the semi-finals was lost to the Combines (RCAF) but our team came back to win two straight games, and a berth in the finals against the Griesbach Club (Bruins). If all the players return in time from their embarkation leave it should prove to be a good series. The following trophies were awarded: Top Scorer went to Cpl. THANKS FROM YOUR GROUP COMMITTEE

The Group Committee of 147 Griesbach Group would like to take this opportunity to thank the mothers who worked so hard and efficiently serving the supper for our annual banquet on 8 Mar. Thanks also go to the Dads who came along to help make the evening most enjoyable for the boys and to those who could not make it, all we can say is that you missed a very fine supper.

The next major event will be summer camp. As you know the camps are partially supported by the annual scrap drives and so to all the good people in Griesbach who faithfully save their cardboard, paper, returnabe bottles, etc., for the boys, we would like to say thank you kindly. Your co-operation has truly been appreciated.

Last but not least is the uniform leaders who do so much for our boys and anyone who has helped in any way.

Griesbach Reading Library OVERDUE BOOKS

Please take note that a two week amnesty period for overdue books will be granted from 1st to 14th April 68. This means that young folk (and fathers and mothers too) may bring back their books and no fine will be levied. We are open each Monday and Wednesday night from 7 to 9.

The Bookworm.

OFF TO HAWAII IN A CLOUD OF . . . SAIL

Esquimalt, B.C. (CFP) - Pacific Maritime Command's training yacht, HMCS Oriole, has been invited to participate in an ocean race to Hawaii from Vic-

Up to a score of sailboats from Canada and the United States may be racing. The event began in 1965 with four yachts and officials hope it'll be a biennial affair. This year's race will start at Victoria July 1 finishing about July 20 at Hawaii.

Built in 1920, the Oriole is 91 feet long with a beam of 18 feet, weighs about 100 tons and can spread 14,000 square feet of sail.

FIRE PREVENTION

CFHQ has indicated a serious concern with the trend of PMQ fires since 1 Jan. 68. Nine PMQ fires so far this year have resulted in an estimated twenty eight thousand dollar loss with three injuries.

Four of the above fires were started by children, two fires were from suspected arson, one fire from spontaneous ignition, one from careless smoking, and one from overheated grease on the kitchen stove.

Parents are requested to accept the responsibility of ensuring that their children are instructed in good fire prevention habits and that they in turn set an example by following fire safe practices themselves.

Please take the time to discuss the above fires with your family and point out other prevention habits that could and should apply to your home.

- 7th Annual Emeral Bonspiel

by Betty Mercer

The 7th Annual Emerald Spiel has gone by the boards! What a Spiel! Some of the finest rinks in the Edmonton area and surrounding district competed. Many of the old and familiar faces were back and a few new ones as well. We also had the cowgirls and Indians who added to the Spiel. Saturday night after supper there were Hi-Jinks on their part when they got together for one game, much to the amusement of all.

The "A" Event was won by a rink shipped by Lil McKay from Broadmoor (Sherwood Park). They were the winners of "The Grand Challenge Trophy" presented by Universal Movers. The McKay rink had Myrna Seemann 3rd, Georgia Kennedy 2nd, and Ramona Smitz lead. Congratulations to Lil and her team who proved to be the best for '68. The Runners-up in the "A" Event were a team from St. Albert skipped by Lona Waite. Third place went to a Calgary team skipped by Bessie King. Bessie was a Griesbach resident for many years and it was nice to have her back again. Fourth place was won by the Nettie Meering rink from Lancaster Park. At least we had something in the winner's circle in this Event. The "A" Event winners received beautiful electric blankets as well as miniature trophies. The runner-ups went away with Electric Blenders

The "B" Event winner was a team skipped by Marg Cunningham from Ardrossan. They were presented the Trophy donated by Northwestern Utilities Ltd. (Our Friendly Gasman). Runners up in the "B" Event were a team skipped by Kay Neill from Sherwood Park. We were happy for our Hilda McLaren who took 3rd in this event and 4th place went to a St. Albert rink shipped by Eileen Rude. The Event winners received a lovely Chafing Dish, the runners-up were presented with a set of Butane candles. Hilda

sented with Spice Racks. The 4th place winners were presented with a Travel Iron.

Last but by no means least "C" Event. The winner of this event was a team from Crestwood skipped by Joan Milmine. A Spruce Grove team skipped by Lavina Bewerlein were the runners-up. Third place went to a rink skipped by Cecile Como and last but not least 4th place went to Jan Dales and her girls from Griesbach. Jan always manages to get some kind of hardware, if not always the silverware.

Well those are the bare facts of who won or lost, but in the background are the hardworking executive and committees. Our President, Mickey McCannel is to be thanked for remembering a multitude af details and making us all keep our noses to the grindstone The prize committee under Betty McFarland really outdid themselves I have never seen such terrific prizes in every event and the comments from the visitors were highly complimentary. Also to be praised were those responsible for the supper arranged by Yvonne Robertson and her girls and the decorations by Meda Merrian. On the whole I feel the club can be justly proud of a very well-run to Fran Pierce of Ft. McMurray, Alta. — Lucky Girl!!

So it's all over for another year. If we've only mentioned a few names of those who worked so hard, its because we've just run out of steam, but thanks to everyone who had a part in the success of the Emerald Bonspiel 1968.

CURLING - GENERAL

Last month it was erroneously reported that the Championship in the Ladies Wednesday afternoon league was won by Corrine Lucas. The truth being that the winner was Sharon Lucas, her looking and talented good daughter-in-law. In fact, on her way to the championship Sharon won all three round robins. A very talented curler as well as her many other attributes. must have been confused by the names, because of the Marble Championship, Corrine won at St. Albert. Sorry Sharon - must have lost my head.

In the Griesbach Mixed League the Wayne Franchuk rink were the "A" Event winners. The team composed of Ella McLaren and her girls were pre- Wilson 3rd, Ann (Teach) Krachy but the kids were great. The

league with three women and one man. Someone has suggested a Saliva Test prior to there all the Curling Leagues in participation next season.

The runners-up were a team skipped by young Jim Irvine. This was a tough loss for Jim and his team and was won in the 10th end only after a hectic battle.

The "B" Event winners. Who else Old Luc Lucas, his wife Corrine, son Bill at second and Billy Highet at lead who was a substitude for Sharon Lucas. Another close game but class will always tell. The Sharkey rink gave Luc a good battle. Luc had the big shots when they had to be made. Stan Smith was throwing the Skip rocks due to a disability of the regular skip. (A broken neck?)

The Haakonson rink emerged as the victors in the "C" Event against Earle Smith. Earle just could not get any thing going and was always facing the ODDS when his turn came. He stayed in the game until the bitter end, but just couldn't pick any holes in the Haakonson house. So thats it in the Mixed for another year. See you all next year.

The 2nd Annual No. 11 Dental Unit Bonspiel was held at the Griesbach Curling Club on Saturday 24th Feb. Teams from the Dental Clinics at Cold Lake, Penhold, Calgary and Edmonton competed. The competition was divided into an "A" and "B" Event. Sgt. Dick Walker (The Dundee Rogue) was spiel. The \$100.00 bond went | the winner of the "A" Event and was presented with The Trophy donated by Colone Garth C. Evans, Commanding Officer, No. 11 Dental Unit. WO2 Bob Neill from Cold Lake was the "B" Event winner Afterward a get together was held in the lounge of the Griesbach Curling Club for the members and their wives.

Sgt Earle Smith skipped a team in the Federal Civil Servant's Bonspiel held at the Sportex Building from 13th to 15th March and was runner-up in the "A" Event. Earle and his team of Joyce Smith, Joe Thompson and Wendy Barnes go to Calgary all expenses paid to compete for the Provincial -Federal Civil Service Spiel to be

held 6 - 7 Apr. 67. The "700 Wing RCAF Association" Bonspiel was played at The Granite Club on 14 -15 — 16 March 68. A team skipped by Al McMillan were runners-up in the "A" Event. Al had daughter Barbara at lead. son Don at second, Ann Titus at third for this big one. The "Old Man" had to admit he didn't have it in the last game

2nd and Gloria Franchuk lead, | youngsters deserve a lot of | mon recently won 1st prize in prize. This family including Mom (Olive) are associated with Griesbach and then some. This Bonspiel according to all reports is one of the best held in Edmonton or anywhere else. The prizes to the winners of "A" Event were Television Sets. The McMillan family ended up with all the luggage. A grand dance with all the trimmings was held at the conclusion of the Bonspiel. Food was available all during the Curling at the Granite Club.

The Zone 2 Curling Championships will be held at CFB Edmonton on 22 - 23 Mar. 68. The Championships will be a 'Round Robin' style series with five teams in each series. The winners of each round then will be playing off in a double knockout tournament. Twenty teams will be entered as follows:

CFB Cold Lake 2

CFB Edmonton (Namao) 2

CFB Edmonton

(Griesbach) 2 CFB Penhold 2

CFB Calgary 2

CFB Calgary

(Wainwright Det) 2

CFS Beaverlodge 2

CFS Whitehorse 2

CFS Alsask 2 CFS Inuvik 2

The results of this Spiel will be reported at a later date.

CURLING-WITH THE TEENS

In the Edmonton Public School Mixed Bonspiel held out at the Sportex five teams from Griesbach were entered. Mike Hurst, skipped a rink and was defeated before making it to the prizes. The same thing happened to Bob Edmonds, Jim Hammond and Wally Payne. Paul Deans and his rink, The 'B" Event winners, lost their game but went on to win five straight games to bring the bacon home to Griesbach. Their last game was an eight to Zip win - after three ends. Nice going kids!

BOWLING

A team composed of Wilma Conkey, Pauline Schurek, Ann Tipper, Bev Prop and Bea Sal.

is the only rink in the mixed credit for a gallant try for top the Edmonton and District 11th Annual Grand Bowling Challenge. Their winning aggregate score was 11,190 pins. They won 1st place in the Second Division. They were each presented with a Hoover Instamatic Blender donated by The Acme Novelty Company. They attended the Awards Dinner held Wednesday, March 13th, 1968 at the Bonaventure Centennial Room here in Edmonton. These girls bowl out of The Odeon Bowling in the Rosslyn Shopping Centre. They will now enjoy an all expense paid trip to Red Deer to compete in the Provincial Finals. Congratulations girls, and Good

> Cribbage - anyone! Recently in the Base Movements Office in Griesbach during one of their long coffee breaks Capt Eric Rose and Cpl Murray Nesbitt became engaged in one of those knock-down and drag-out cribbage games. The Old Capt had just been dealt one of those believe it or not 29 hands. He sat there chuckling to himself, eyes lit up and as bright as a button, so as to speak. He was first count, the Cpl needed a mint to count out - no sweat. Well the Old Cpl believe it cr not pegged the necessary seven or eight he needed — and Bobs your uncle. Cpl you may never make the Sergeants Mess.

A nine year service star was presented to Ranger Elaine Kelly and second year star to Ranger Carolyn Burford. We had a very successful monthly meeting February 7th lyn Froese served at the morning with everyone present and a new recruit Marilyn Froese.

We all enjoyed a tour of the Flight Simulator on February 14. All the Rangers and Leaders took turns sitting in the co-pilot's seat and working the controls. We enjoyed the whole tour very much and our thanks go out to Cpl. A. Gregg, Cpl. R. LajeunKid's Bingo was on the 16th.

We were very short of help for Rangers Laurie Short and Debbie Lamoureux and Guide Laura Thompson and two guiders turned out for this occasion. We had an extremely good turn-out of bingo fans; the children seem to really enjoy these. Many thanks to Sgt. Ted Nitz, who is caller at all the Kid's bingos.

The Annual Camp Tea and Bake Sale was held at the Jubilee Auditorium on February 17th. Rangers Joan O'Neill and Maricoffee party at which the men poured. Thanks to the fathers of these girls for transportation, and also to Cpl. Bob Wilson who took out all the Baking and Contest entries. Service in the Protestant Chapel was at 11 a.m. We had 99 per cent turn out of Rangers with most of them participating in the colour party. Elaine Kelly was flagbearer and Rangers Carolyn Burford and Debbie Burford were guards. A Venturer carried the Flag of Canada and Rangers Joan Riess and Laurie Short were guards. Senior Religion and Life Emblems were presented to Rangers Debbie Lamoureux, Carolyn Burford and Joan Riess. The Scripture Reading was by Elaine Kelly.

All in all February was a very busy month. March came in like a lion for the Rangers, as Carolyn Burford and Laurie Short left for a winter (ha! ha!) camp at Sandy Lake. - Mud, mud and more mud! On the same weekend Jean O'Neill and Elaine Kelly took off by bus with 40 other Rangers from the City and headed for Calgary for the Annual Ranger Council Meeting. We had our monthly meeting on March 6th and heard in detail from each of the Rangers how much they enjoyed their trips.

At this meeting we were very pleased to welcome a new recruit, Donna Oben, who has come to us from 1st Griesbach Guide Company. Ranger Monica Kueck from the city is also joining our Flight along with a new recurit from Griesbach, Connie Shantz. Glad to have you with us.

A Ranger Council Meeting was held downtown on March 10 and Rangers Jean O'Neill, Debie Lamoureux and Elaine Kelly attended, and a guest speaker, Cpl. Austad, gave the Rangers at this meeting a very interesting talk on Survival Camping.

Our meetings have been changed to Thursday evening and the next is April 4th in the Conference Room at the Rec Center. We would be very pleased to see any girls who would like to come out .-

Many thanks to all the parents who worked so hard to get their girls in full uniform in order that they could participate in all of these activities.

Be seeing you.

International Hydrological **Decade Stamp**

A four colour 5c stamp to be released by the Canada Post Office on the 8th May 1968 will commemorate Canada's participation in the UNESCO sponsored 1965-1974 International Hydrological Decade, Postmaster General Jean-Pierre Cote has announced.

The predominantly brown I .-H.D. stamp, large in size and horizontal in format, also serves as a vehicle to introduce another newcomer in the field of Canadian stamp design. The chosen rendition was executed by Hungarian born, Canadian by adoption, Prof. Imre von Mosdossy of Agincourt, Ontario. Versed in widely varied fields of art and design, Prof. von Mosdossy has to his credit hundreds of stamps chosen for use by postal administrations in many parts of the world.

and steel engraving in one colour (the national level, Canada has have been utilized by the British American Bank Note Co., Ottawa, to print twenty-four million of the new issue. First Day Cover Service will be provided by the Postmaster, Ottawa 2, Ont.

In size the new stamp is 40 m m. x 24 m m. Centered in the design is a weighing rain gauge flanked on the right by white lettering on the dark background: "International Hydrological Decade," "1965-1974," 'Decennie Hydrologique Internationale" and "Canada." To the left of centre a small red eleven point Canadian maple leaf is superimposed on the World in The symbolic representaspace. tions of water and precipitation is in white on the basically blue World. White is used for the sun and radiating rays in the upper left corner and for the denomination at the lower left. Inks are combined to achieve the near ochre in the central gauge and the world's land mass.

Efforts of the Canadian National Committee are currently concentrated on 185 study proiects in a scientific field which covers the entire history of the cycle of water on earth. An important aspect of study is the effects on man and the effects of man's activities on water. Although Canada is estimated to have one-seventh of the world's fresh water in her lakes and about one-tenth of the world's fresh water in her rivers, more than one-half of the surface waters flow north and are therefore not immediately usable by the ninety percent of the population inhabiting an area within two hundred miles of the southern border.

Estimates place the proportion of sea-water as ninety-seven per cent of the world's total. Twothirds of the remaining three per cent is immobilized in polar regions and in glaciers. Consequently for his fresh water needs man must depend on the remaining one per cent of the

C.W.L. MEETING

The C.W.L. held their monthly meeting March 12 in No. 1 School with a good attendance. Following our meeting we attended a social evening with the St. John's Chapel W.A. that in cluded centennial slides that were very interesting and enjoyable. We would like to thank the ladies for their kind invitation and nice time.

I would like to bring to the attention that April is our membership month. All ladies wishing to join are welcome.

Our next meeting will be held April 9 in No. 1 School at 8:00 sharp. So if you were wondering about what we do at our meetings, come out and see for yourself.

PROBLEMS

Problems worthy of attack prove their worth by hitting back.

ST. JOHN'S CHAPEL W.A.

A highlight in March was entertaining the ladies of Our Lady of Fatima Chapel. Mr. D. Cowan showed slides taken at Expo 67, and these were most enjoyable. A social hour and refreshments followed.

Regular meetings are held the second and fourth Tuesdays of each month at 8 p.m. Visitors and new members are always welcome. If you are a newcomer or would like to be"called for," leave your name at the Chapel, local 533, any working day.

Another cartoon afternoon for younger children will be held during the Easter holidays, the date to be announced later. Admission is 25c, with popcorn, candy and freshie for sale.

Mark down April 3 on your calendar. That is the date for a spring fashion show and tea in 1930 hrs — Mass and General the Maj, Gen. Griesbach School auditorium. Fashions will be coordinated by "Queens & Teens" and modelled by ladies from Griesbach. Admission will be 50c.

Derek R. Critch of St. John's, Nfld., was the first enrollee in the new Canadian Armed Forces. He was sworn in as an officer cadet on the stroke of midnight, Jan. 31, at the recruiting cen-

tre in the Old Colony capital. The time there is a half hour ahead of mainland Canada, Officer Cadet Critch intends to go aircrew as a radio-navigator.

SWALLOWING ANCHOR

Chap. Charles H. MacLean, formerly of Oxford, N.S., plans to return to serving a congregation now that he has retired in Ottawa as Protestant deputychaplain-general and the last chaplain of the fleet (P).

An army chaplain overseas in the second world war, he was mentioned in dispatches. He joined the navy in 1951 and had two years on the Atlantic in the cruiser Quebec and another two on the Pacific with the second escort squadron before coming to Ottawa in 1963.

Would he have done otherwise with his career in the ministry?

"I wouldn't have chosen any different. Sea-going experience give a great dimension to a minister because of the unique opportunity to know and become friends with everyone in a warship only a few hundred feet long." (CFP)

WAR GAMES

Seeing is not always believing. During Operation Panther Leap residents in the Chillcotin - Williams Lake area may hear and see some unusual things in this extensive military training exercise.

For example, northern and southwestern B.C. is marked on the exercise maps as Betaland (the bad guys). Southwestern B.C. becomes Omegaland (the good guys) for the month-long exercise. An argument between the two over land, cattle grazing and citizenship becomes explosive and troops are called into the dispute.

The boundary, which is approximately 5 miles west of Alexis on Highway 20 is controlled by troops and is a check point for military vehicles. The site has loud hailers with which to harrass the 'good guys' and broadcast 'propaganda,'

From time to time the residents passing this point will hear the Betalanders extolling the Omegans to revolt, to turn in their leaders. Leaflets and small news letters will be circulated and dropped from aircraft in an attempt to cajole the troops to turn in their alleged 'disreputable leader."

The entire scheme is directed to the military personnel and is a means of injecting a touch of realism into an artificial situa-

Throughout the exercise residents who find these pamphlets and newsletters are cautioned to completely disregard them.

During the tactical phase of the operation, from April 14th to 21st, battle noises will be simulated. Artillery barrages, even when simulated sound and look like the real thing; the high pitched whine, shattering silence just before the thudding 'crump' and blast of smoke. Small arms and machine guns will fire blank rounds to add to the battle noises.

Residents in both the immediate vicinity and away from the operations area will probably see the brilliant white lights when illuminating flares are fired during the night manouevers. flares, which are suspended from parachutes, appear to hang in the sky moving with the wind then suddenly they burn out and disappear. The flares may be seen singly or in groups as the situation requires.

Different markings on the vehicles; white crosses, yellow triangles, designate control, umpires, enemy and neutral personnel while variations of combat clothing and coloured hats mark friend and foe.

The Betaland bad guys will be wearing readily identifiable, if unusual, uniforms so the resi- litary to use. Co-operation from Department of Transport to ad- sales is also expected for both

dents of the area should not be the ranchers and farmers is 100 surprised to see these variations per cent. on a military theme as troops of the 1st Canadian Infantry Brigade Group strive to achieve the operational readiness required for the role of Canada's peacekeeping forces.

-DND Office of Information Alta Region.

WAR GAMES

The largest military exercise to be held in the British Columbia interior since the last war will take place in the Williams Lake area during the month of April.

Dubbed Panther Leap, the operation will provide Canada's contribution to the Allied Commander Europe's Mobile northern force with an opportunity to operate in field conditions on a scale comparable to that which they would encounter during NATO operations in Norway.

Canada is committed to provide one battalion in support of this NATO Mobile northern force.

Units from 1 Canadian Infantry Brigade Group, augmented by supporting elements from across Canada will move into the Chillcotin military training region and the surrounding lands early in April.

The main body of troops will arrive in the area between 8 and 14 April. Units from both eastern and western bases will travel along Trans Canada Highway as far as Cache Creek and then north on Highway 97. Other units will arrive via a 'round the clock' airlift flown by Air Transport Command Squadrons.

Over 1600 men and 500 vehicles assigned to the exercise are spread over an area 75 miles, east to west, by 15 miles north to south and bounded by Highway 97 on the east and the town of Redstone on Highway 20 on the west.

Troops moving throughout the area have strict orders concerning the use of land and the facilities, both private and public.

The soldiers have been instructed in much more than their combat role for this exercise. They have been instructed in the many things which are commonplace to people living in the ranchlands. They are instructed to leave gates as they find them; not to abuse fencing; not to leave holes dug on ranch or farms; not to destroy trees or shrubs; not to light open fires or to have fires within 30 feet of buildings or food stocks; not to leave garbage but bury it deep or remove it.

orders issued to troops to safeguard the land which the owners exercise. NOTAMs (notice of have generously allowed the mi-

Built up areas are considered to be neutral and, although troops will move through them, no combat is to take place in or near any such area.

Live ammunition is not permitted in the area although small arms and machine guns will fire blanks and artillery barrages will be simulated. At night illuminating flares will be used extensively to closely simulate actual battle conditions. Ammunition and pyrotechnic salvage will be ocllected and removed.

A road repair unit from 3 Field Squadron. Royal Canadian Engineers, Canadian Forces Base Chiliwack is to effect a prompt and complete repair to any road which may be damaged during the exercise. Existing roads and tracks are to be used whenever possible

With an additional 500 wheeled and tracked vehicles using the roads military police will be on duty to aid residents moving through the area. On occasion there will be considerable traffic at night but all convoys will be well marked and accompanied by police escorts. Sentries are posted to warn motorists of parked convoys and every courtesy will be extended towards civilian traffic.

Surprisingly enough, the tracked armoured personnel carriers exert less pressure per square inch than a man walking on the highway. Motorists should be aware of the unique turning characteristics of the tracked carriers and avoid 'tail gating.' As with most tracked vehicles the armoured personnel carrier pivots on the center point to the treads as it makes the turn. This in fact halts the forward motion of the vehicle for a short period of time and the unwary driver may end closer to the armoured personnel carrier than he desires.

Should a civilian become involved in any incident or accident the military are geared to handle the problem as efficiently as possible. A report should be made to the nearest Royal Canadian Mounted Police detachment.

Air traffic into Williams Lake will be greatly increased during the deployment phase of the operation, from April 11 to 14 In a four day 'round inclusive. the clock' airlift, Hercules aircraft will fly over 80 trips into the field with troops and equipment from Ottawa; Rivers, Man.; Calgary; Victoria and Abbotsford, B.C.

YOUR CREDIT UNION SAVINGS - AS GOOD AS GOLD

The Gold is life insurance benefits on insurable savings in the Credit Union, up to a maximum of \$2,000. For each dollar you save in the credit union before age 55, you get a dollar of life savings insurance, subject to insurability and other contract requirements. The insurable balance for life savings insurance is determinted by your age on the date of deposit. You may continue to save after age 65 and still be eligible for life savings insurance. That is, any money saved between age 55 through 59 is 75% insurable, age 60 through 64 — 50%, age 65 through 69 25% insurable, after age 70 nil. This description of coverage is necessarily brief and is only a summary of some of the provisions of our contarct.

This contract, while in force, 10125 - 143 St., Edmonton, provides life insurance on insured members and will continue in force as long as you leave your savings in the Credit Union. You do not pay one cent of individual premiums for this benefit. The contract chosen by Edmonton Amalgamated Savings manager of Edmonton Amalga- & Credit Union for its mem-

ance Society has an accidental | death clause which doubles the insurance benefits in the event of accidental death. On the death of a member, the person entitled to his account will receive the savings plus all the insurance money provided by the CUNA Mutual Life Savings Contract. WHY JOIN A CREDIT UNION?

MacLean's Magazine, one of Canada's leading periodicals, has spotlighted the Rev. Dr. J. D. Nelson MacDonald among the outstanding Canadians of 1966. Dr. MacDonald is not only pastor of the United Church at Upper Musquodoboit, Nova Scotia, he is also chairman of CUMIS (Credit Union Mutual Insurance Society) and a director of CUNA Mutual Insurance Society. "Some men are particularly interested in temperance and evangelism. I'm interested in the Credit Union Movement. Temperance and morals are fine, ings in a sound and sensible through a continuous promo-

too, and he cannot have dignity unless he has money," Dr. Mac-Donald said, in a quote fom MacLeans.

This is a doctrine which the Nova Scotia clergyman has been preaching and practising for more than 30 years and is responsible for the prominence which he has won in both his church and the international credit union movement.

We, in this civil service credit union, endorse his views. Those who would like to reach a sound financial goal can start now. Those who have reached or are nearly reaching their goal can benefit more by investing sav-

insurance coverage was reached but a man must have dignity, manner in your Credit Union. At tional campaign of the qualities the same time you are providing of a product or service. capital which will help your fellow member and human being. Of Canada's 20,000,000 people, a fantastic 22% belong to credit unions and the \$2.5 billion they have saved has played an important part not only in their own lives but also in the growth of the nation.

WE ARE OUT TO ENLARGE OUR MEMBERSHIP THROUGH EDUCATION

Big business spends millions of dollars to advertise and promote products and services. It has been proven over and over again that people must be reminded over and over again

Does the same principle ply to Credit Unions? YES!

If new members are to be at tracted, credit unions cannot sit back and wait for things to happen. We have to make them happen — by promotion or be left standing still, and in this fast-changing world, any organization that is standing still is left behind. .

Your credit union does not want to be in this position. We are out to enlarge our membership. Join your credit union now, and enjoy the dignity of ownership enjoyed by over onefifth of the country's people!
